

## Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

September 7, 2022

Dear Union Grove Members, Friends, and Family:

We truly appreciate working with and caring for all the veterans who live here. It's an honor to serve our nation's heroes who have chosen to make this place their home. We appreciate all who take personal precautions to limit their exposure to COVID-19 in your daily routine and keep our members safe when you visit.

Since we updated you yesterday, we had 1 employee test positive for COVID-19. Accounting for all recent recoveries, currently we have 4 cases of COVID-19 on campus (1 member, 3 employees).

We encourage you to get tested for COVID if you are not feeling well. A proper diagnosis gets you treatment faster and protects everyone around you. Vaccinations and booster shots remain the best protection against serious illness or hospitalization from the virus. If you are not feeling well, please consider delaying any visit to campus until you have fully recovered.

Guidance from the CDC continues to recommend everyone ages 6 months and older stay current with their vaccines, which includes everyone 5 years and older getting boosters, if eligible, for the best protection against COVID-19.

Thank you for your continued commitment and support of our Home.

Sincerely,

*Kimberly Storlie*

Kimberly Storlie, LNHA MHA
